What is SMADC?

The Southern Maryland Agricultural Development Commission (SMADC)

is the division of the Tri-County Council for Southern Maryland that works to enhance the economic viability of agricultural businesses in the five Southern Maryland counties which include: Anne Arundel, Calvert, Charles, Prince George's, and St. Mary's. The Commission was established in 2000 by the Maryland General Assembly to administer the "Tobacco Buyout". SMADC receives funding through the Maryland Cigarette Restitution Fund to provide financial support, business development services, funding for land preservation, marketing assistance and other services to the region's agricultural community.

About the Farm Holiday Guide

This booklet is produced by SMADC to highlight farms in Southern Maryland that offer products and services and hold events during the holidays and winter months. The Southern Maryland Farm Holiday Guide includes only voluntary listings and is not intended to be an endorsement of any particular farm, service or business. This guide and other SMADC guides are also available online at smadc.com.
