FREQUENTLY ASKED QUESTIONS

PARTY ANIMALS

Safety is a priority that exceeds every other issue. We all want to have fun and let the good times roll. However, if the good times get scarce because one guest didn't know when to say when, then the boat could return to dock without refund. Let's keep it fun!

WHAT TO BRING

Bring food and beverage for the trip or check out Rod 'N' Reel's box lunches. Beverages are available in the Tackle Shop as well as chips and snacks. Bring sunscreen, sunglasses, and a good camera to catch all the action!

WHAT TO WEAR

Dress in layers for the season and the forecast. Think of the morning and evening temperatures which can be quite different from mid-day.

PACKING FISH

Coolers, ice and bags are available in the Tackle Shop. Gallon size zip lock bags are good for fish portions and great for protecting the fish while packed in ice. Pack the zip lock bags in the cooler and surround in ice. Fish bags (36" long) are also available if you do not have a cooler and your commute is less than an hour.

KEEP YOUR FISH BURIED IN ICE.
Fresh is Best and you caught 'em!

TIPPING

Mates work for tips and tipping them is customary at your discretion. The percentage is customarily similar to restaurants. Discuss fish cleaning with your crew as part of your plan.
