

**TOWN COUNCIL INFORMATIONAL
SPECIAL MEETING
July 11, 2023
Starting at 5:45 PM**

I. Call to Order and Roll Call

II. Pledge of Allegiance

III. Special Meeting Agenda:

1. The Town Council to consider authorizing the Mayor to enter into a contract with JOHNSTON CONSTRUCTION COMPANY to remove a portion of the damaged concrete overhang on the CBWRTP solids handling building and relocate existing guard rail sections in the amount of \$17,201.34. This award will replace the contract awarded during the May 18, 2023, Town Council meeting to GTH Masonry, Inc. in the amount of \$28,890.00. The costs of this project will be incurred in the FY24 CBWRTP Capital Improvements line item.
2. The Town Council to consider authorizing the Mayor to purchase a new dump truck per the FY24 approved budget from Sport Chevrolet Co Inc. in the amount not to exceed \$65,000.

IV. Adjournment

8200 BAYSIDE ROAD, P.O. BOX 400 CHESAPEAKE BEACH, MARYLAND 20732

(410) 257-2230

(301) 855-8398

To: The Honorable Mayor and Town Council
Subject: CBWRTP Overhang
Date: July 6, 2023

From: Holly Wahl, Town Administrator

I. BACKGROUND:

On May 18th, 2023, the Town Council authorized an expenditure to GTH Masonry to repair a damaged overhang at the Chesapeake Beach Water Reclamation Treatment Plant (CBWRTP).

The CBWRTP solids handling building installed during the Enhanced Nutrient Removal (ENR) process encountered spalling of the concrete at the edge of the overhang for the press room. During construction, the railings were installed in the concrete overhang by core drilling holes into the concrete to place the railing. Over time, water has infiltrated at the base of the railings and frozen causing the concrete to crack off and fall.

Notice to proceed unable to be issued: The Town Administration was unable to issue a notice to proceed with GTH Masonry due to the inability to adhere to the base requirements of the contract terms.

Alternative option sought to complete the work: Due to work taking place at the CBWRTP on the filter covers, Johnston Construction Company is mobilized already onsite; therefore, a price was requested from Johnston Construction Company to complete the work.

II. GOAL:

Ensure repair occurs with stability and ease of weathering on the solids handling building.

III. SCOPE OF WORK:

Johnston Construction Company (contractor) will remove a portion of the damaged concrete overhang on the solids handling building.

The contractor will:

- Cut the 26' wide by 11" thick concrete overhang off leaving about 6" extending out from the face of the existing brick façade.
- Relocate the existing guard rail sections to this overhang directly outside the garage door and mount with anchored feet per the attached.
- Erect scaffolding, shoring, and temporary guard rails below/around the existing overhang so that the overhang can be safely cut and removed without exposing employees/equipment to a fall hazard.
- Rub the newly cut edge of the overhang to seal any cut reinforcing.
- Lay poly down on the existing blacktop to capture the concrete slurry created during the slurry operation.

IV. FISCAL IMPACT:

Town Council to consider authorizing the Mayor to enter into a contract with JOHNSTON CONSTRUCTION COMPANY to remove a portion of the damaged concrete overhang on the CBWRTP solids handling building

and relocate existing guard rail sections in the amount of \$17,201.34 from Capital improvements. This award will replace the Town Council awarded contract to GTH Masonry, Inc. in the amount of \$28,890.00 – a total savings of \$11,688.66 from the prior award.

Submitted amount: 17,201.34
Requested days delay: 0

Notes

Per your request of 6/16/23, please find enclosed a proposal to remove a portion of the Damaged concrete Overhang on the Solids handling building at Chesapeake Beach. Our proposal includes cutting the 26' wide by 11" thick concrete overhang off leaving about 6" extending out from the face of the existing brick façade. We will relocate the existing guard rail sections to this overhang directly outside the garage door and mount with anchored feet per the attached. Our proposal includes the cost to erect scaffolding, shoring, and temporary guard rails below/around the existing overhang so that it can be safely cut and removed without exposing employees/equipment to a fall hazard. We will rub the newly cut edge of the overhang to seal any cut reinforcing.

Note: We will lay poly down on the existing blacktop and attempt to capture the concrete slurry created during the slurry operation. This may cause some staining/discoloration on the asphalt. We will pressure wash brick and asphalt at completion of work, but we cannot 100% guarantee that some discoloration of the asphalt won't occur.

FAX: (717) 292-7569

2022-16

Provide all labor, material and equipment necessary to complete the following scope of work:

| QTY | DESCRIPTION | UNIT PRICE | AMOUNT |
|---------------|---|------------|----------|
| 1.00 | WALL SAWING THE FOLLOWING: (1) 26' LONG BY 11" THICK SUSPENDED SLAB CUT INTO 4 PIECES. CUSTOMER TO SHORE CONCRETE PRIOR TO CUTTING AND PROVIDE MAN LIFT FOR ACCESS TO WORK AREA. REMOVAL AND DISPOSAL BY CUSTOMER, | 2,450.00 | 2,450.00 |
| TOTAL: | | | 2,450.00 |

Includes one mobilization

This estimate is based on working day time hours Monday through Friday

Contractor must provide unobstructed access to work area.

Contractor to provide reliable electric & water sources for this scope of work.

*-This estimate is based on one continuous mobilization. -CTS requires 24 hour
notice of cancellation to avoid a minimum mobilization charge of \$500.00.*

*This estimate doesn't include standby time costs incurred at no fault of CTS and
a charge of \$195 per technician may be applied to invoice in those instances.*

Exclusions:

*Layout, flagging and barricades, traffic control, dust and water control, damages
to hidden utilities or obstructions, damages to structural materials, damages to
post tension cables, protection or covers of drilled and/or cut openings, locating
utilities, patching, payment & performance bonds, special insurance's, cleanup
of material and debris left by others.*

*CTS payments terms are NET 30 days from the date of invoicing with no retention
withheld.*

*CTS has not included the cost to provide slurry control & protection during
drilling and sawing operations.*

THIS ESTIMATE IS FOR COMPLETING THE JOB AS DESCRIBED ABOVE. IT IS BASED ON OUR EVALUATION AND DOES NOT INCLUDE ADDITIONAL LABOR AND MATERIALS THAT MAY BE REQUIRED SHOULD UNFORESEEN PROBLEMS OR ADVERSE WEATHER CONDITIONS ARISE AFTER THE WORK HAS STARTED.

ESTIMATED BY: **DAVID REIMSNIDER**

THIS ESTIMATE MAY BE WITHDRAWN WITHIN 30 DAYS.

To: The Honorable Mayor and Town Council
Subject: Public Works Purchase of a New Dump Truck
Date: July 10, 2023

From: Holly Wahl, Town Administrator

I. BACKGROUND:

The Town Council budgeted \$65,000 in general fund expenses for the purchase of a new dump truck. Public Works staff contacted several local dealers of the vehicle needed to replace the dump truck that is 11 years old and have provided the attached cost estimates for Town Council to review.

II. GOAL:

To provide adequate equipment for the Public Works team per the FY24 Town Council approved budget.

III. PRICING:

Town staff obtained pricing from two local auto dealers, i) Criswell Automotive Fleet Sales, and ii) Sport Chevrolet Co Inc.

Due to low inventory of the vehicles within this classification fleet dealers are not able to hold the vehicles for extended periods of time; therefore, staff requests an authorization not to exceed the budgeted amount of \$65,000.

IV. FISCAL IMPACT:

The Town Council to consider authorizing the Mayor to purchase a new dump truck per the FY24 approved budget from Sport Chevrolet Co Inc. in the amount not to exceed \$65,000

Exhibit A (attached)

Pricing for the new vehicle purchase.
